

STAIR GRABBER

Ideal for temporary stair guardrails.

THE DESLAURIERS STAIR GRABBER makes it easy to attach temporary guardrails to stairs. Stair Grabber can be adjusted from 4-1/2" to 16" using 7/8 socket or attached handle. The detachable steel safety base uses 2x4's to create a strong vertical post to attach 2x4 or 2x6 railings. Detachable safety base can be used on other applications.

- Rugged steel construction with internal 1/2" coil rod for strong, positive grip.
- Handle for fast adjustment.
- Does not require slab penetration.
- Adjustment screw allows for use up to a 16" slab.
- Requires 30ft/lbs torque to secure Stair Grabber.
- Removable Steel Safety Guard Rail Base for use in other applications.
- Stair Grabber is 17lbs.
- Maximum spacing of eight feet per OSHA spec.
- Meets all applicable OSHA and ANSI standards.

CAT#: SG-STAIR

Installation: Since the use and installation of the Deslauriers' Stair Grabber is beyond the knowledge and control of Deslauriers, the proper use of these products is the responsibility of the user. The user should be familiar with the appropriate codes and safety regulations.
