

MEVA BULLNOSE ADAPTER

THE DESLAURIERS MEVA FORM BULLNOSE ADAPTER will allow Deslauriers standard column forms to be used with Meva wall panels and a Meva wall form clamp.

The Deslauriers Meva Bullnose Adapter is designed to draw Deslauriers round column forms flush with the inside of the Meva wall panel after securing the clamp.

The Meva Adapter is held in place by a slot that acts as a pinning point for the Meva clamp keeping it from sliding during installation.

CAT#: HDS-DM-ADPTR
