

# HARRIS-1500 BULLNOSE ADAPTER

**THE DESLAURIERS HARRIS FORM BULLNOSE ADAPTER** will allow Deslauriers standard column forms to be used with Harris 1500 wall panels and a Harris wall form clamp.

The Deslauriers Harris Bullnose Adapter is designed to draw Deslauriers round column forms flush with the inside of the Harris panel after securing the clamp.

The Harris Adapter is held in place by a slot that acts as a pinning point for the Hoka clamp keeping it from sliding during installation.

**CAT#: HDS-HARRIS-ADPTR**
