

ULMA BULLNOSE ADAPTER

THE DESLAURIERS ULMA FORM BULLNOSE ADAPTER will allow Deslauriers standard column forms to be used with ULMA wall panels and an ULMA wall form clamp.

The Deslauriers ULMA Bullnose Adapter is designed to draw Deslauriers round column forms flush with the inside of the ULMA wall panel after securing the clamp.

The ULMA Adapter is held in place by the ULMA clamp keeping it from sliding during installation. This adapter can be bolted to the ULMA panel in lieu of using the ULMA clamp.

CAT#: HDS-ULMA-ADPTR
