

PERI-FORM BULLNOSE ADAPTER

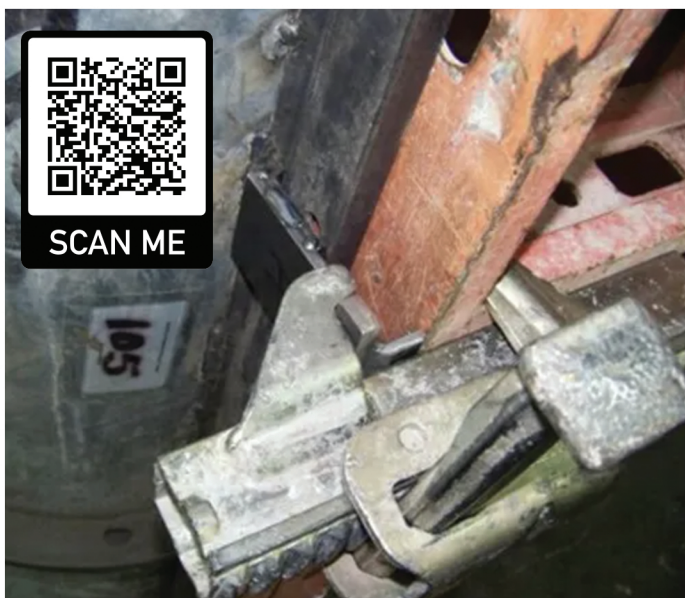

THE DESLAURIERS PERI-FORM BULLNOSE ADAPTER (DOMINO FORM) will allow Deslauriers standard column forms to be used with Peri's Domino Panel wall forms and DRS Alignment Coupler.

THE DESLAURIERS PERI-FORM BULLNOSE ADAPTER (TRIO FORM) will allow Deslauriers standard column forms to be used with Peri's TRIO Panel wall forms and BDF Coupler.

The Deslauriers Peri-Adapter is designed to draw Deslauriers round column forms flush with the inside of the Domino panel or TRIO after securing the DRS Alignment Coupler or the BDF Coupler.

The Peri-Adapter fits between the legs of the DRS or BDF Coupler which captures the Peri-Adapter preventing it from sliding during installation.
